Algorithm: to-do list

Nicolas Fernandez-Arias

June 24, 2018

Below are the tasks I need to accomplish before my code is complete.

1. Fix solve_HJB_V

   (a) Change HJBs to reflect reduced state space

   (b) New HJB is:

$$(\rho + \theta+))$$

2. Fix solve_HJB_W

   (a) Change HJBs to reflect reduced state space

3. Write stat_dist()

4. Write labor_demand()
